

2025 Preferred Drug List

This 2025 BENEFIT formulary provides a list of commonly prescribed medications organized by their respective cost tiers for members on the PPO plan. For those on the HSA plan, members pay 100% until deductible has been met. This list serves as a guide, encouraging the use of generic alternatives where available for cost efficiency. Pricing and inclusion are subject to change and medications may be limited to dosage and quantity. Please consult your healthcare provider for more details.
