

The following Drug List is an abbreviated version of commonly prescribed medications. This list is intended to be a guide, and prescribers should still use generics when possible.

How to Use This Formulary

1. Find Your Drug.

Search the formulary to locate your medication. Once found, take note of the **Tier Number** it is listed under.

2. Understand the Cost by Tier.

Use the tier chart below to estimate your prescription cost.

Tier 1 Drugs	Preventative Medication List (Formulary Generic)	\$0	Page 2
Tier 2 Drugs*	Formulary Generic and Brand	\$15.00 or Less	Page 6
Tier 3 Drugs*	Formulary Generic and Brand	\$30.00 or Less	Page 15
Tier 4 Drugs*	Formulary Generic and Brand	\$60.00 or Less	Page 19
Tier 5 Drugs*	Formulary Generic and Brand	Over \$60.00	Page 23

* Subject to combined separate prescription drug maximum monthly benefit of \$250.00 for individual and \$500 for family. Once members reach there \$250.00 or \$500 accordingly, the member will be switched to pay 100% out of pocket for the drugs for the rest of the month. The preventative medication list (Tier 1) is not subject to the monthly maximums.

3. Talk to Your Provider.

If your medication falls in a higher tier, ask your healthcare provider if there are lower-tier or generic alternatives that are equally effective.

4. Additional Formulary Information to Keep in Mind.

- These drugs are available to members, up to the plan's monthly maximum benefit.
- Drugs not on this list may still be available at a discounted rate.
- Quantity limits may apply to certain medications.
- Check your benefit materials for full details, including limitations and exclusions.
- This list is regularly reviewed and updated — changes may occur at any time.
- Contact VAULT to confirm the most current version of the drug list.
- Share this list with your doctor during your treatment planning.
- Drug prices may change unexpectedly due to manufacturer or pharmacy updates, which may lead to temporary discrepancies in listed prices.

The pricing and inclusion of any prescription drug within this preferred drug list is subject to change and is not guaranteed. While we strive to maintain up to date pricing, drug manufacturers and pharmacies may alter pricing at any time creating the opportunity for an outdated price to be displayed on this preferred drug list before price changes can be updated on this preferred drug list.
